## 2. Fleet Information

**Please complete a copy of this page *for each specific device type*. Insert the copy or copies of this page into the single, combined application PDF before submitting.** Successful applicants who wish to operate a system with multiple device types (ex., bicycles or electric bicycles with functioning pedals and e-scooters) will coordinate closely with the city on device type(s) and distribution.

8. Attach a labeled image or illustration of each device showing the location of mechanical equipment (e.g. lights and brakes) as well as any and all decals including the company logo, device identification number, contact information, and safety reminders.

9. For each device, please share the following:
    a. Device type and name:
    b. Battery life:
    c. Distance limits:
    d. Maximum speed:
    e. Presence of tethering/lock-to mechanisms:
            Yes      No
    f. Presence of speedometer:
            Yes      No
    g. Presence of tip-over alert:
            Yes      No
    h. Accuracy of GPS technology used for tracking:

    i. GPS sample rate while in use:
       GPS sample rate while parked:
    k. Device behavior when GPS signal is lost (ex., if devices are taken indoors, into underground parking garages):

    m. A list of any information displayed to the user (battery level, speed, etc.):

    n. Any additional relevant information (optional, 100 words or less):

10. For each proposed device type, please answer the following:
    a. Proposed rebalancing schedule and methods for device distribution, noting the City of Cleveland's neighborhood rebalancing requirements (100 words or less):

    b. Procedures for responding to complaints (100 words or less):
